
Patient Observation Sheet

This diary is designed to help you record your progress and any issues you may experience with the hearing instruments. It is designed to help you get the most benefit out of your next follow up appointment. Try to spend time every week to write down any observations you have made. We can then discuss these points with you at your next appointment.

- Number of hours the hearing aids were used every day: _____
- How many days do your batteries last? : _____
- Activities you enjoy when wearing the hearing aids:

- Activities you dislike when wearing the hearing aids:

- Challenges when wearing the hearing aids:

- How do the accessories work with your hearing aids:

- How well do you think you hear soft (quiet) sounds:

- How well do you think you hear average (speech) sounds:

- How well do you think you hear loud sounds (sirens, loud speech):

- Comments/Questions for next appointment:
